

ARREST SULLIVAN YOUTH IN BOMB MURDER CASE

PRISONER IS MENTIONED IN NOTE FOUND ON DEAD MAN'S BODY

Postal Inspectors Investigate Charge That a Friend of Mennerich's Wife, From Whom He Was Separated, May Be Implicated.

Decatur, Ills., March 2.—"If anything happens to me see John Baucum." This note found on the body of F. W. Mennerich who was killed in his home at Sullivan, Ill., by a bomb he had received by mail resulted in the arrest today of Baucum, who is only eighteen years old. The coroner's jury had recommended that the youth, who assaulted Mennerich last week, following a quarrel, be held to the grand jury.

United States postal inspectors are also investigating a charge that a friend of Mennerich's wife, from whom he was separated, may be implicated.

It has been shown that a man in Springfield has been writing unsigned letters to Mennerich and that a woman in Sullivan has been writing unsigned letters to Mrs. Mennerich who is living in Springfield.

An effort is also being made to trace the package back to the office from which it was mailed and so identify the sender.

The suicide theory, while not given credence by the officials is causing some comment because of the statement of one Sullivan man, who did not testify at the inquest. He said: "I think Mennerich told me more than he told anyone else, and I do not think the fellow took his own life or planned his death. It is possible that he sent the infernal machine to himself, but I do not think so. He has told me much of the trouble he has been having with his wife. It was plainly evident that he thought the world and all of his wife and would do anything for her. He told me many times that there was a man in Decatur that she wanted to marry and he also told me that he told her she could marry him if she waited until she got well and out of the hospital. He told me that he was afraid of the man in Decatur, that some day he would take his life. He was in my store Saturday night and told me he was broke and did not see any use in living."

"I believe the note placing the blame on Baucum was written to shield his wife. I believe in time this affair will be explained but Baucum did not do it in my opinion."

MINE WORKERS' ATTORNEYS NOT TO JEOPARDIZE CAUSE

Position is Indicated When Costigan Withdraws Request for Appearance of "Mother" Jones Before Committee.

Trinidad, Col., March 2.—Attorneys for the United Mine Workers of America have decided not to jeopardize the cause of their clients in the courts for the sake of procuring evidence for use before the congressional strike investigating committee. This was indicated late today when, with the stage set for hearing the testimony of "Mother" Mary Jones, E. P. Costigan, for the second time temporarily withdrew his request for her appearance. Horace N. Hawkins, of counsel for the United Mine Workers said that he had decided not to make any further attempt to have "Mother" Jones produced before the investigating committee until a decision is given in the habeas corpus proceedings instituted in the district court here.

The final Trinidad session of the investigation occupied about ten minutes. The committee will go to Walsenburg tomorrow and begin hearings immediately.

Before the brief closing session today, representative Byrns, Sutherland and Evans made a personal inspection of the workings of the delagua mine, the largest producing property in Colorado.

WOMAN SENTENCES HUSBAND TO A YEAR ON ROCK PILE

LOS ANGELES, Cal., March 2.—Mrs. Sarah Vedgenoff, member of a colony of Russians, sentenced her husband today to a year on the rock pile. Nicholas Vedgenoff had been arrested for failure to provide.

"The wife usually suffers in a case of this kind," said Judge Monroe, "so I will leave it to Mrs. Vedgenoff—shall Nicholas have another chance, or should he go to the rock pile?"

"He fooled me before," promptly interrupted Mrs. Vedgenoff, "let him go to the rock pile."

So the judge sent him there for a year.

LOUIS W. HILL WILL BECOME PRESIDENT OF GREAT NORTHERN

St. Paul, Minn., March 2.—Louis W. Hill, chairman of the board of directors of the Great Northern railroad, will become president of the road, to succeed Carl R. Gray, resigned.

The change in title probably will be made tomorrow at the weekly meeting of the executive committee and Mr. Gray will become active head of the Western Maryland road between March 10 and March 15, with the title of president and chairman of the board of directors.

TESTIFIES THAT U. S. STEEL CORPORATION RECEIVED REBATES

David Lamar Asserts Company Has Received Millions in Rebates From Railroads.

Washington, March 2.—In an effort to ascertain what foundation there may be for charges that the United States Steel Corporation has received during the last six years, illegal rebates from the railroads on freight charges, Commissioner Harlan of the inter-state commerce commission today examined David Lamar of New York.

Lamar asserted that during the last six years the Steel Corporation had received not less than \$50,000,000 in rebates from railroads, direct evidence of which it is believed can be obtained by examination of the books of the corporation subsidiary transportation companies. He asserted that through a "device" this was accomplished.

"The form of the device," said Mr. Lamar, "was simply to raise the freight rate on iron ore and other commodities to an extortionate amount. The difference in the freight charges actually collected and a reasonable charge was paid back."

An opportunity will be offered to attorneys for the steel corporation tomorrow to cross-examine witnesses.

EXPECT SENATE ACTION ON SUFFRAGE AMENDMENT SOON

After a Day of Debate Measure is Made Unfinished Business.

Washington, March 2.—Action by the senate within a few days on the proposed suffrage constitutional amendment seemed assured tonight after a day of debate during which the measure was made the unfinished business. "An immediate vote seemed imminent at one time when there was a chorus of demands for a roll call but Senator Shafroth and others held off the vote to continue in the senate."

Senators Clark of Wyoming and Woods, expressed doubt as to the propriety of the federal government forcing equal suffrage upon states that did not desire such. Senator Borah declared the amendment should not be adopted if it was not to be enforced in the southern states. He quoted speeches to show that the proponents of the amendment had contended that it would not interfere with the grandfather clause, disfranchising negroes in southern states.

COURT LEAVES LEGALITY OF TERMINAL COAL CHARGE OPEN

Petitions Asking Abolition of Charge is Pending Before Inter-State Commerce Commission.

St. Louis, March 2.—Whether the terminal charge of twenty cents a ton on coal brought into St. Louis from the Southern Illinois field is legal, is left open in a final decree entered by three federal circuit judges sitting as the district court of Eastern Missouri here today.

The decree was entered in conformity to a decree of the United States supreme court ordering the abolition of the monopoly features of the St. Louis terminal association, the opening of the terminal facilities to all railroads on equal terms and forbidding the terminal from prohibiting roads using its bridges and tracks from using other terminal facilities.

A petition asking the abolition of the bridge and terminal charge of 20 cents on coal now is pending before the inter-state commerce commission.

TESTIFY THAT ELLIS WAS INSANE WHEN HE KILLED WIFE

Dr. Grinker Says Prisoner is Now Sane and Others Testify His Mind is Still Affected.

Chicago, March 2.—Physicians testifying for the defense in the trial of W. C. Ellis, the Cincinnati merchant charged with killing his wife at a hotel here said that Ellis was insane when he committed the crime.

Dr. Julius Grinker of the county hospital staff said Ellis was insane when he killed his wife, but was sane now. Other physicians testified that Ellis' mind still was affected.

It is expected that the state will put other alienists on the witness stand tomorrow morning. Dr. Thomas A. Hogan, jail physician, who had charge of Ellis after he had been treated at the Emergency Hospital, testified that "he thought Ellis was irresponsible when the crime was committed but sane now."

DUNNE ACCEPTS INVITATION

Springfield, Ills., March 2.—Governor Dunne has accepted an invitation to speak before the Irish-American society at Scranton, Pa., March 16th.

He will also speak at Belleville, March 10th, at the celebration of the one-hundredth anniversary of the establishment of the county seat of St. Clair county at Belleville.

WANTS HUSBAND REVEALED.
Sa Francisco, March 2.—Not content with instituting divorce proceedings against Sheriff Frederick S. Eggers of San Francisco county, his wife announced today in a signed statement that she would circulate a petition for his recall from office. They have lived together thirty-five years.

CARRANZA UPHOLDS GEN. VILLA'S ACTION

TAKES STAND THAT REQUESTS FOR INFORMATION SHOULD COME TO HIM

President Reveals That He Fully Realizes Gravity of Situation Resulting from Killing—Texans Appeal for Rangers.

Nogales, Sonora, Mex., March 2.—General V. Carranza, supreme chief of the constitutionalists, upheld today the action of General Villa in halting the commission investigating the death of the British subject, William S. Benton.

He took the stand that requests for any information regarding Benton's death should come to him as directing head of the revolution through the diplomatic agents of Great Britain. This had been explained as his stand in the matter in the last communication to the state department in Washington which had asked and been refused information about the Benton case.

In a statement issued by Ysidro Pabell, acting secretary of foreign relations, General Carranza's stand was given as follows: "General Villa has received orders from Mr. Carranza not to deal in business of an international character. In view of this order General Villa suspended all negotiations with the American and English representatives and suspended the pass for the commission to go from Juarez to view the body of Benton."

Realizes Gravity of Situation.
Washington, March 2.—President Wilson revealed to those who discussed Mexican affairs with him today that he fully realized the gravity of the situation resulting from the killing of William S. Benton, a British subject; the reported murder of Gustav Bauch and Clemente Verara, American citizens and General Carranza's denial of the right of the United States to look after the interests of foreigners generally in Mexico. The president spoke deplorably of armed intervention but at the same time pointedly referred to the size and power of a country like the United States as being sufficient warrant for a calm and patient course while compliance with the American demands was being sought. Callers got the impression from the president that he was determined to try every possible means at his disposal to solve the Mexican problem but that he realized certain eventualities might mean a drastic course. He spoke with a firmness that showed his determination not to be stampeded into action by radical speeches in congress but with a hint that when the necessity arose the American government could be expected to move decisively and effectively.

The Washington administration, is taking it for granted that arrangements authorized by General Villa for the departure of the commission to Chihuahua soon will be approved by Carranza.

Send Appeal for Rangers.
Austin, Texas, March 2.—An urgent appeal for Texas rangers at Lyford and other points along the Mexican border near Brownsville was received today by Governor O. B. Colquhitt from residents.

They allege Mexican bandits cross the Rio Grande at night, steal cattle or commit other depredations and then return to the Mexican side. Governor Colquhitt has not yet made a decision in the matter.

CHICAGO CLUB WOMAN IS ARRESTED WITH WAITRESSES

CHICAGO, March 2.—Mrs. Ellen Gates Starr, one of the founders of Hull House and one of a group of prominent club women who have interested themselves in the grievances of the waitresses who have been arrested while picketing a Randolph street restaurant recently, was herself arrested with two of the waitresses tonight. Property valued at \$50,000 was later scheduled as security for Mrs. Starr's appearance in court.

A resolution was adopted by the city council tonight calling for an investigation of the strike and of the orders given the police regarding handling of pickets.

Five waitresses, three of whom were arrested for the second time during the day, were taken into custody tonight.

AGED QUINCY PRIEST DIES AFTER LINGERING ILLNESS

QUINCY, Ills., March 2.—The Rev. Dean Father John P. Kerr, 70 years old, died early this evening after a lingering illness of dropsy. He was pastor of St. Peter's Catholic church and came to Quincy to assume this charge twenty-one years ago. He was born in Ireland and attended the St. Francis Seminary in Milwaukee when he was 35 years of age. He had been dean of this district for many years.

NEW YORK GANGSTER IS FOUND GUILTY OF FIRST DEGREE MURDER

NEW YORK, March 2.—Oreste Shillitoni, a gangster, was found guilty of murder in the first degree tonight by a jury which tried him for slaying probationary policeman William Heaney in Mulberry street on the night of March 3rd, 1913. Charles Teare, another policeman and John Rizzo, a citizen were killed by Shillitoni a few seconds before he fired at Heaney. The jury was out 90 minutes. He will be sentenced to death next Friday.

MAN ON TRIAL FOR MURDER IS KILLED DURING COURT RECESS

"Red" Simon is Shot by Prosecution's Principal Witness, Who Surrenders and Declares He Acted in Self-Defense—Shooting Takes Place in Saloon.

St. Louis, Mo., March 2.—Wesley (Red) Simon, on trial here for murder, was shot and killed during a recess of the court before which he was being tried today. Simon was shot in a saloon by Henry Zang, principal witness for the prosecution.

Simon was placed on trial today for the murder of Emmett Carroll in a gang feud nearly a year ago. The sheriff had feared an attack on Simon would be made and when court met special officers were on hand to prevent disorder. When the court recessed for lunch, Simon went to a saloon where two blocks away four officers who had been in court to guard him, waited on a street corner for his return.

James Mooney, owner of the saloon, said Simon and Zang entered the saloon together and drank a glass of beer. Later they walked towards the door and conversed in low tones by the cigar counter.

A few minutes later Zang shot Simon twice in the stomach. He then left the saloon, walked to the Central Police Station and surrendered.

Zang tonight related to Chief of Detectives Allender in detail how and why he killed Simon.

"I killed 'Red' Simon when I thought he was going to kill me," Zang began. "In the corridor of the court room today Simon told me I would never live to testify against him. He said if I did testify I would send him to the penitentiary and make a place for myself in the morgue. Yesterday also I was warned I would be killed. That is why I carried the revolver today."

"When Simon entered the saloon, he looked at me and said: 'Well, you are still around here, are you?' Then he asked me to step into the ante-room with him. When I did he said he would kill me if necessary to keep me from testifying and at the same time reached for his hip-pocket. Then I shot him as fast as I could."

ESTIMATE THAT A THOUSAND FAILED TO FILE TAX SCHEDULES

CHICAGO, March 2.—The last of approximately 25,000 individual income tax schedules which will net the United States government more than \$3,000,000 for the first ten months of 1913, were filed here tonight. The office of the collector of internal revenue was kept open until mid-night to give a last chance to escape the penalty which will be imposed tomorrow. Nearly 2,000 schedules were filed during the day. Attaches of the collector's office estimated that about 1,000 persons who should have filed schedules have been negligent and will have to pay penalties. One thousand others were given 30 days extension of time.

POLICE TO STOP ATTEMPTS TO HOLD UP CHURCH SERVICES

Commissioner Instructs Officers to Arrest All Agitators—Action is Due to Raids.

New York, March 2.—Police Commissioner Mackay announced today that he would instruct the police to arrest hereafter all agitators making attempts to hold up church services. The action is due to the raids made by the unemployed in Old First Presbyterian Church, lower Fifth avenue; the Catholic church of Transfiguration and the Second Baptist church on the east side and the Labor Temple. Tonight two hundred men who march on St. Mark's Protestant Episcopal church on the east side were met at the door of the parish house by Dr. W. H. Gamble, assistant pastor of the church and admitted to the lecture hall where food prepared by the women of the congregation was given them. They were permitted to pass the night in the building.

Sixty unemployed men were fed today at the Mayflower Mission of Plymouth church, Brooklyn.

DR. CARRIEL NAMED DELEGATE TO CONVENTION OF ALIENISTS

SPRINGFIELD, Ills., March 2.—Delegates to the convention of alienists and neurologists, to be held under the auspices of the Chicago Medical Society at Chicago, July 14th, 18th, 1914, for discussion of mental diseases in their various phases were named today by Governor Dunne as follows:

Dr. George A. Zellar, Springfield; Dr. Douglas Singer, Dr. P. M. Kelly and Dr. Charles Reed, Kankakee State Asylum; Dr. H. G. Gagehan, Elgin State Hospital; Dr. R. T. Hinton, Peoria State Hospital; Dr. Geo. Leininger, Danbury; Dr. H. T. Leonard, Lincoln State Colony; Dr. Jacob Frank Chicago; Dr. P. M. Kelly, Kankakee Hospital; Dr. R. A. Goodner, Anna State Hospital; Dr. Geo. K. Farris, Menard; Dr. H. B. Corriel, Jacksonville State Hospital; Dr. J. A. Campbell, Watertown State Hospital.

PROVIDES FOR JACKSON MONUMENT

Washington, March 2.—A monument to commemorate the victory of Andrew Jackson over the Creek Indians at Horse Shoe Bend, on the Tallapoosa River in 1814 in Alabama, was provided by a bill passed by the house today. Majority Leader Underwood made a speech vigorously supporting the bill. It carried an appropriation of \$25,000 for the monument.

DEVASTATING STORM IS PASSING OUT TO SEA

EAST BEGINS TO EMERGE FROM EFFECTS OF BLIZZARD

Is Most Destructive Storm in N'W York's Since Memorable Blizzard of 1888—Reports Show Damage From Wind, Snow, Hail and Sleet to be Widespread.

Washington, D. C., March 2.—The storm which gripped the entire east during the last 24 hours paralyzing traffic, demolishing telegraph and telephone lines and causing tremendous losses to property and business generally, was reported tonight to be off Boston, Mass., and rapidly passing out to sea. Moderate temperatures with abated winds were promised by the weather bureau for tomorrow.

Reports received at the bureau tonight from practically every point in the storm stricken zone indicated that with the exception of light snows in New York, Pennsylvania, New England, West Virginia and Western Maryland, conditions were gradually becoming normal.

Tomorrow's forecast for the eastern and middle-western stocks was "clear weather and moderate temperatures."

In New England, however, the reports indicated the temperatures would remain low with a gradual upward movement.

Is Worst Since Blizzard of 1888.

New York, March 2.—With temperatures rising and fair weather promised, New York and vicinity tonight began to emerge from the storm which railroad and telegraph companies declare has been the most destructive in this section of the country since the memorable blizzard of 1888.

Reports from other cities showed the damage caused by wind, snow, rain and sleet to be widespread. From Cleveland on the west and Baltimore on the south, to the Canadian and Nova Scotian borders, the storm has been general. In New England further damage is expected from rivers and streams swollen by melting ice and snow. In and near New York eleven persons perished yesterday and today several fatalities were reported elsewhere. Except by round-about routes and with the aid of a few wires running underground, commercial New York tonight still remained cut off from telegraph communication with the west and south.

Many Trains Are "Lost."
Trains are "lost" on many roads in New York, New Jersey, Pennsylvania and other states. On one road trains sent out from New York and New Jersey stations were stocked with double rations and were marked "subject to delay."

A train with Vice-President Marshall as a passenger, arrived at Philadelphia at 8 o'clock tonight, after being marooned for fourteen hours near New Brunswick. The vice-president left for Washington shortly afterwards, apparently none the worse for his experience. The Congressional Limited that left New York yesterday was believed to be near Wilmington tonight.

Among the "lost" trains is one bearing about 100 excursionists returning to Tamaqua, Pa. It left Jersey City last night over the Central railroad of New Jersey and was supposed tonight to be near Somerville, N. J. The train delays prevented the transportation of mails and has left the city facing a possible shortage of mail, meat and provisions. A coal famine is threatened in parts of the city, because of the snow-filled streets which are almost impassable after a snow fall of between thirteen and fourteen inches since yesterday morning. Fire Commissioner Robert A. Adamson said the danger of a conflagration here was the greatest in years.

The first serious street car accident of the storm here occurred late tonight, when a trolley snow sweeper ran into the rear platform of a surface car, when the brakes on the sweeper failed to work. An unidentified man was crushed to death and two persons injured.

Steamer Is Driven Ashore.
Norfolk, Va., March 2.—While the northwesterly gale sweeping the Virginia and Carolina coast tonight, was at its height, the Merchants and Minors' Steamer Howard, bound from Newport News for Baltimore with passengers and freight, was driven ashore in Chesapeake Bay. At last reports she had not been floated, but her position was said not to be dangerous.

Thirteen Die in Pennsylvania.
Philadelphia, Pa., March 2.—Eastern Pennsylvania, Delaware and Southern New Jersey are gradually recovering from the effects of the blizzard which raged from early yesterday until early night fall today. Thirteen deaths due to the storm were reported from this city and nearby sections.

Fear Nine Lives Are Lost.
Providence, R. I., March 2.—Fears that nine lives were lost on the coal laden barges, Frank Pendleton and Josephus, which were torn loose from the tug, Edgar F. Luckenbach, last night. The tow was bound to this city from Norfolk.

PLAN TO COLLECT LARGE SUM.
New York, March 2.—Plans for the collection of a large amateur athletic union fund for the American Olympic team of 1916 were outlined here today at a conference between President Andrew J. Lill, Jr., and Secretary James E. Sullivan of the A. A. U.

CASE AGAINST MISS AILEEN HEPNER IS IN HANDS OF JURY

After Waiting Until Nearly Midnight Judge Makes Arrangements For Sealed Verdict and Dismisses Court.

Chicago, March 2.—The case of Miss Aileen Hepner, charged with having knowingly given false testimony in the suit brought by John C. Henning against Clarence S. Funk, former general manager of the International Harvester company, asking \$25,000 damages for the alienation of Mrs. Henning's affections, went to the jury late today.

After waiting until nearly midnight Judge MacDonald instructed the jury to arrange for a sealed verdict if the jury agreed and dismissed court.

It is charged that Miss Hepner knowingly testified falsely that Funk went to a hotel with Mrs. Henning. Henning's case collapsed. Daniel Donahoe, his attorney was convicted of conspiracy to defame Funk. Isaac Steifel also tried on the same conspiracy charge was acquitted.

MACNAUGHTON BEGINS REPLY TO CHARGES OF STRIKING MINERS

Remains on Witness Stand Three Hours and Declares He Has Only Begun His Testimony.

Houghton, Mich., March 2.—James MacNaughton, general manager of the Calumet and Hecla company, took the witness stand before the congressional investigating committee today and began in detail a reply to the charges made against the owners of the striking copper miners.

Mr. MacNaughton was on the stand for three hours and when the hearing adjourned for the day he declared he had only begun his testimony. It is expected he will testify all day tomorrow.

The mine manager told the congressmen every possible economy was necessary in the operation of the mines now, because of the deterioration of the quality of the rock and the extreme depth at which copper is now mined.

He explained the contract system by saying that the miners formerly were paid by the lineal foot and the cubic fathom for rock but because of numerous complaints over measurements, the company had adopted the tonnage system. He read a circular issued by the company in 1891 informing the men they could obtain redress from higher officials if they were dissatisfied with the treatment. He declared all the companies were complying with the law and defended the use of the one-man drill.

SUPPORTS WILSON'S POLICY TO REPEAL TOLL EXEMPTION ACT

Senator Thornton States He Realizes Difference Between Right of Exemption and Enforcement of That Right.

Washington, March 2.—Announcing his support of President Wilson's policy to repeal the provision of the Panama canal act exempting from tolls American coast-wise shipping, Senator Thornton, Democrat of Louisiana, in a statement today said the president had informed that in his judgment "the repeal of the exemption clause is necessary for the continuance of our present friendly relations with foreign powers and success of our foreign policy." "I believe now just as firmly as before" continued the senator, "that the exemption clause of the Panama canal act is not a violation of our treaty obligations but recognize now as I always did, the substantial difference between our right of exemption and our enforcement of that right."

Administration leaders in the senate believe the repeal will carry by a substantial majority despite some party opposition and it is also expected that them after will be up for action within two weeks. Representative Adamson expects to introduce a repeal bill in a few days.

MAJORITY OF STUDENTS WHO FLED FROM CHAMPAIGN, RETURN

CHAMPAIGN, Ills., March 2.—A majority of the students who fled because of scarlet fever at the University of Illinois returned today. Dean Clark reported an attendance of 80 per cent at classes, against 50 per cent on Saturday. The public schools here re-opened and quarantine on a number of houses was lifted. P. F. Cooper of Waldron, Ills., was found to have the fever today. R. Jarvis, a student who last week went to his home at Hinsdale, developed the disease it was reported.

WILL UPHOLD DEMANDS MADE IN CENTRAL FIELD

ILLINOIS MINERS REACH AT PEORIA CONV.

Abandon All Matters Pertaining to Formation of District Agreement Until Basic Contract is Made at Philadelphia.

Peoria, Ills., Mar. 2.—The Illinois district of the United Mine Workers will uphold the demands which miners in the central competitive field have made on the operators. This was decided at today's session of the miners. A resolution was offered by Frank Hefferly of Belleville, Ills., by the terms of which all matters pertaining to a formation of a district agreement will be abandoned until the miners and operators agree upon a basic contract at Philadelphia. The resolution was adopted. Later the convention informed the contract committee to suspend its work for the present.

The resolution was favored by Secretary Duncan McDonald, the other members of the international convention from the Illinois district. The fact that Illinois was the only state in the central competitive field which made a district contract prior to the Cleveland basic contract two years ago was cited.

The printed report of the resolutions committee was presented to the convention today. The pamphlet contained ninety-one resolutions which had been offered but included none of those offered relative to the new scale of wages. This fact caused a howl of protest but according to a statement of President Pope it was done because of rumors that Illinois operators had placed scouts in this city to get advance information on the work of the scale committee.

Among the resolutions was one aimed at Secretary McDonald because of his stand against Samuel Gompers at Indianapolis. The resolution protested that too much time was spent in personal attacks and suggested that such orators "hire a hall" for their attacks. Action was deferred until tomorrow.

POLICE BELIEVE WEALTHY MAN'S DEATH WAS ACCIDENTAL

Failure to Find Any Motive For Murder of Cassius Fairman Leads to Belief.

Chicago, March 2.—Failure to find any motive for the murder of Cassius Fairman, wealthy Oak Park business man who was found dead on the Chicago & Northwestern railroad tracks Saturday night, today caused the police to believe that his death was the result of an accident.

They could not learn that Fairman had any enemies, bank officials said he had drawn any money for his proposed trip to Omaha, Neb. to see his fiancée, Miss Elizabeth Davidson and those knowing his habits said he probably did not carry enough money in his pockets ordinarily to tempt a desperate criminal. Miss Davidson and her mother came here today from Omaha and aided the authorities in their investigation into the cause of his death.

Sheriff Kuhn admitted he was puzzled by finding a razor a short distance from the body. Fairman used a safety razor but the one found near him was of the long bladed variety.

FORMER HEAD OF AMERICAN BANKING ASS'N IS ARRESTED

CHICAGO, Ill., March 2.—John W. Worthington, former head of the American Banking Association now in receivers' hands, was arrested today on two warrants charging larceny as bailed. Judge Sullivan in the superior court today raised Worthington's bond from \$2,500 to \$10,000.

Worthington will be questioned as to his assets tomorrow and at the same time a number of amendments to the bill of the complaint will be filed. Harry H. Thomas was arrested later by United States deputy marshals on a charge that he and Worthington had kept \$2,000 of the proceeds of bank certificates entrusted them by brokers.

GOETHALS AND LANE CONFER REGARDING ALASKA RAILROAD

WASHINGTON, D. C., March 2.—Colonel George W. Goethals conferred today with Secretary Lane over the building of the government railroad in Alaska.

The availability of both, the personnel of the Panama Canal construction and the machinery for the Alaska railroad was considered at length. Much of the machinery in the judgment of both Secretary Lane and Colonel Goethals might be used to advantage, but neither was so certain about the personnel.

They also considered to an extent routes suggested for the railroad.

ARE CHARGED WITH SMUGGLING

New York, March 2.—On the charge of having smuggled high priced Cuban cigars and cigarettes into this country, Captain Joseph H. Trachoy of the sugar steamer Santa Clara, and Joseph Vasquez, one of the firemen of the vessel, were arrested here tonight in what is said to be a general movement on the part of the customs authorities to stop illicit importations of this sort.

JACKSONVILLE DISTRICT

MINISTERIAL CONFERENCE
The M. E. pastors of Morgan county and a number of Sunday school superintendents and representatives of boards of stewards of the Jacksonville district will go to Boardstown Wednesday to attend a two day institute on church efficiency, the full program of which was printed in the Journal some time ago. These institutes will be held this week by each of the eight districts of the state. On Wednesday, the first day, Dr. Andrew J. Tenney and Dr. Arlow A. Brown, both of New York, will lead the institute in a discussion of Sunday school methods. Dr. Tenney and Dr. Brown are members of the Sunday school board of the Methodist church and are men of wide practical experience. Dr. J. B. Trimble and Dr. A. W. Crouther, of Philadelphia, will have charge of the second day, taking as their subject, the new financial plan. U. G. Leasonby of Crawfordsville, Ind., will speak Thursday and another feature of the last day program will be a banquet at six o'clock in the evening. The two principal speakers Thursday are members of the Commission on Finance of the church.

MR. AND MRS. J. W. BOSTON
OBSERVE ANNIVERSARY
Mr. and Mrs. John W. Boston of 780 South Church street entertained a limited number of friends Sunday in honor of their 48th wedding anniversary. The occasion was also in celebration of the birthday of their niece, Mrs. Charles Harney of Woodson. The dinner, excellently cooked and faultlessly served, was enjoyed in a dining room tastefully decorated with beautiful flowers. Vocal and instrumental music were features of the entertainment and the guests left at a late hour with wishes of long continued happiness. At the dinner, oranges were served which had been sent by C. A. Boston, of Monrovia, Cal., a son of the host and hostess.

The guests were Mr. and Mrs. John W. Boston, "Grandma" Crawford, Mr. and Mrs. J. Spencer Self, son Marion and daughter, Helen; Francis H. and Henry Boston of this city; Mr. and Mrs. Charles Harney and sons, Amos and Floyd of Woodson; Mr. and Mrs. Ed Boston, sons Noel and Willis and daughters Nellie and Mildred; Miss Cecil White east of the city and Miss Scott of Franklin.

CRAZY MOUNTAIN SCHOOL.

How boys and girls in a little mountain school house in Montana found what it was they could do best and did it so well that they won first prize in a state wide competition and attracted the attention of the whole state, is told by C. W. Tenny, state school inspector of Montana, in a rural school circular just issued by the United States bureau of education. Here is Mr. Tenny's story of how Crazy Mountain school did its part in rural betterment:

The Crazy Mountain school house is a 10 by 12 shack with a roof which slants but one way and is covered with black tar paper. Cracks in the floor were so big that pencils easily fell through them. The only light that came in was from three tiny windows, two in the rear and one on the left. The hole out through the roof to accommodate the stovepipe was large enough that when it rained the water ran into the stove and put the fire out. Rain also beat in at the door, which was held shut by a chain hooked over a nail. The desks were borrowed from a neighboring school which had thrown them away as useless. The seats were held up by sticks of wood, unless a pupil was fortunate enough to find a box of the right size to use as an individual chair, and the teacher's desk was a plank nailed to two sticks and set against the wall.

Into this school last spring came Miss Angelina Barker, as teacher, and nine pupils, representing four different families. Although the weather was damp, for the first three weeks they had no fire. Most of the pupils had no books. But teacher and pupils went to work to do the best they could with what they had and get better equipment as fast as they could.

One day a premium list of the Montana state fair, which is held at Helena each year, came to this little school. Both teacher and pupils began to read what there was they could do. "Best kindergarten work," they knew they could not do that. "Best shop work," "Best collection of wild flowers," everybody shouted. "Of course we can!" and the race was on.

The Mexican children who lived far up on the mountain plucked the flowers belonging to the higher altitudes, while the rest brought in those peculiar to the lowlands and meadows. At school the flowers were placed in text books and magazines, and in the absence of a flower press the boys and girls would sit on them. At home the flowers were put in books under the heaviest weights that could be found. One boy placed two sacks of flour on the books, another a tool chest, while a third said the heaviest thing he could find was a large "bucket," in which his father carried the feed to the pigs. The girls resorted to just as ingenious expedients, utilizing trunks, bureaus, and even one leg of a bed in which adults were sleeping, in order that the necessary amount of pressure might be obtained.

When the days of collecting and pressing the flowers were over, all of the specimens were brought together, and after the best ones had been selected, each was carefully mounted on white card board, and the entire collection of 63 wild flowers was sent to the state department of education to be entered at the fair. When the judges gave their decision it was found that the Crazy Mountain school had won the first prize, the blue ribbon and the \$5, for the best collection of wild flowers from any school in the state.

On the day of the prize award the rural inspector stood in the little booth and called the attention of the bankers and business men to the splendid exhibit and to the pictures of the little school. When one of the leading merchants saw it, he said: "Go tell the people of Park county that boys and girls who will do work like that are entitled to a better school house and better equipment, and tell them that as soon as they get the house they can come to my store and get anything in it without money or without price; for the best business men as well as the best school men realize that boys and girls who do faithful work with what they have will make the men and women who will do good work when the time of larger opportunity comes to them."

THE PUBLIC LIBRARY TONIGHT.
Some of the most beautiful antique rugs are in American homes and collections, for the American is rapidly becoming a connoisseur in this art and is yearly showing a greater interest in it. The alluring beauty of these rugs and their durability, when properly cared for, have given them a place no other floor covering can attain. Mr. Sleyman will give an outline of weaving materials, dyes and designs, as well as the symbolism, history and artistic qualities of the oriental rug. He will tell how to discriminate between the good and the bad, for commercialism has crept into rug weaving, how to distinguish the different makes, and something of the customs and environment of the maker. He will show a map of the various rug districts, and will have a loom and yarns with him with which to illustrate the actual weaving of these wonderful works of art.

PREPARED FOR LENT

(Whether actuated by religious conviction or motives of health, it is a wise dispensation that calls for a period of abstinence from meats.)

In days ago, the Lenten season may have been one of real deprivation, but now a wealth of Sea Foods is at our command in forms so varied and appetizing, that a change of diet is as welcome as it is refreshing, healthful, nourishing and rejuvenating.

In economy, too, these abundant foods from Oceans, Lakes, and Rivers afford every good reason for encouragement in reducing cost of living.

To this beautiful choice of FISH FOOD, modern conservative methods have provided:

VEGETABLES as fresh, sweet and succulent as if the garden dews were still upon them—

FRUITS of every luscious kind with their rich, ripe flavors preserved in glass and tin—and

CEREALS in a bewildering variety of tasty preparations that upbuild brain, bone and brawn.

With this abundance to choose from, well may one exclaim, Abstinence, where is thy rigor?

O, LENT, where is thy sting?

BOARD OF EDUCATION HELD REGULAR SESSION

Routine Business Occupied Attention Monday Night—Manual Training Equipment Bids to be Opened March 8th.

The board of education met last evening in regular session all members present except Member Baylinton, Mayor George W. Davis presiding. The minutes of the last meeting were read and approved. All bills properly approved were ordered paid. The question of remuneration for Miss Roberts, stenographer at the high school building was brought up and it was ordered that she be employed twelve months a year at a salary of \$40 a month.

The bond of the Jacksonville Heating & Plumbing company was returned with instructions to get another signature when the additional name was satisfactory the bond would be accepted.

When the bids for power for the manual training departments were asked for two systems, direct and alternating, were not named and it was ordered that all bids be returned unopened and the bidders asked to furnish bids for two kinds of systems, direct and alternating.

Mr. Whitney, representing the Oliver Machinery Co., of Grand Rapids, Michigan, was present and explained an unavoidable delay in getting in the bid of his company owing to a combination of circumstances and as none had been opened and new ones were asked for his company was permitted to put in their bid with the others all to be in Monday, the 9th of March.

The Jacksonville Plumbing and Heating company asked to be allowed to use in the new eighth grade building the vacuum system which would entail an additional expense but would be vastly superior to the one on which they had bid and asked that the additional cost be allowed. Action is to be taken at next meeting.

Supt. Gore said that last semester there were 72 pay pupils in the high school and this one there were 78 all of whom but ten had paid. He asked for instructions regarding these as it hardly seemed fair to collect from some and not all. He was instructed to inform the directors of the districts from which these young people come that the tuition must be paid or the pupils would be sent home.

Adjustment till Monday, March 9th, when the bids for electrical power machines will be opened and the matter of the vacuum system of heating for the new eighth grade building will be taken up.

Reports were presented as follows:

F. E. Farrell, treasurer reported: Feb. 1, balance \$3,049.16
Deposit 6,549.98
Tuition 505.00

Total \$10,094.14
Vouchers 7,906.12

Balance \$2,098.02

GAY'S RELIABLE HARDWARE STORE IS TWENTY FIVE YEARS OLD

Well Known McEntle Establishment is Celebrating. Passing of the Quarter Century Mark—Business Has Grown With the Years.

The celebration of the silver anniversary of George S. Gay's Hardware establishment is now in order for that well known store, is just twenty-five years old. In 1889 when the store was founded, the owners were Hayden & Gay and they continued in successful partnership until Jan. 1st, 1901, when Mr. Gay purchased the interest of George Hayden.

For a full quarter of a century the business has been conducted at 209 South Sandy street, although today two storerooms instead of one are used. That twenty-five years is a long time, is emphasized by the recollection that during that period at least ten hardware firms have been in business at different periods and are not here today. The list includes such well known names as Wadsworth & Mathewson, Buehl & Beatty, Carter & Kuechler, John B. Lindsay, Sutter & Lonerog, Wadsworth Hardware Co., H. K. Buehl E. L. Clark, Sutter & Ticknor and W. E. Black.

The word "reliable" has been used for a greater portion of this period by Mr. Gay as a sort of trade mark and the public generally has come to recognize that the word was aptly chosen and fits in perfectly with stock and the service of the store. Mr. Gay's long experience in the hardware business has given him a distinct advantage in its conduct and he has succeeded in handling only those grades of hardware which give continued satisfaction to his customers. His business in American fence, for example, has been so extensive that he ranks as one of the largest dealers having agencies for the American Steel & Wire Company. He has sold train loads of this excellent fencing and the foresighted policy which resulted in his taking on this agency has aided him in like manner in other lines.

Twenty-five years in the successful conduct of a business in one location is about as strong a testimonial as one can give that he is doing merchandising along proper lines and the indications are that Gay's Reliable Hardware Store will continue in its present location for still a great many more years and do a constantly increasing business. The store is a credit to Jacksonville and to Morgan county.

MARTHA WASHINGTON CANDIES

The very best and highest quality of candy making materials without adulteration enter into the making of these famous candies. This is all hand moulded and dipped into these pure, wholesome and refreshing confections that have become famous throughout the length and breadth of the land.

Martha Washington candies are different from Candies most folks know. The methods and formulas of the regular factory things are made on a large scale is foreign to the thoughts of this quaint place. The Candies are simple and wholesome. Every box made up is of importance and has had individual attention. The home-made feature Martha Washington Candies everywhere prevails. This is true of even the way the candies are packed. There is none of the gaudiness of the shop but just a simple beauty about the box that gives one a sense that it contains something of real worth.

FOREIGN LAID EGGS DEAL REAL BLOW TO HIGH COST OF LIVING

Dealers Assured Prices In United States Are Unlikely to Reach High Figures That Ruled Recently.

Kansas City, Mo., March 2.—Foreign laid eggs have dealt the high cost of living a real blow, according to dealers here attending the sixth annual convention of the Missouri Carol Egg Shippers' Association.

Speakers at today's session told of the competition of the imported product and declared egg prices in the United States were unlikely to again reach the high figures that ruled recently.

"Never again will eggs be retailed in this country at unreasonable prices," said F. M. Heggis of Chicago. "Dealers are willing to take small profits now to keep out the foreign eggs."

"Thousands of cases of eggs are coming into New York from Siberia, Austria and Russia proper. Siberia alone exports ten million cases of eggs each year. Importation of Chinese eggs on the Pacific Coast is a fact. There is real competition for the home laid eggs. The result is a lower average of prices."

SEVEN COUNTRIES TO ENTER INTERNATIONAL BALLOON RACE

National Race to Decide Which Pilots Are to Guide American Entries Is Being Arranged.

New York, March 2.—Seven countries are expected to be represented in the International Balloon race to start from Kansas City next October. The present entry list, it was announced at the Aero Club of America tonight includes three balloons from the United States, three from Germany, three from France and one from Belgium. Assurances have been received, however, that three entries each from Great Britain, Switzerland and Italy have been sent. This would make nineteen balloons the largest number and the widest foreign representation of any international contest. It was stated that a national international race to decide which pilots are to guide the American balloons is being arranged. This will be held in July and the start may be made from Portland, Ore.

WAGE RAISE CAUSES STRIKE

Norfolk, England, March 2.—The recent act of King George in raising the wages of the laborers on the Royal farms in Norfolk and granting them a Saturday half holiday has caused a strike of the farm laborers on the royal estate at Sandringham, because the tenant farmers declined to follow his example, although they had been advised to do so by the Royal Landlord. The laborers on the King's own farms are greatly in sympathy with the strikers.

ATTRIBUTES DIVORCE TO TIGHT CORSETS.

Boston, Mass., March 2.—Fifty per cent of the divorces in this country are caused by tight corsets," Dr. Maud L. Dunne said tonight at the opening session of the hygienic fashion institute. In explanation she said corsets caused indigestion, headache and backache and resulted in a sour disposition "fertile ground for sowing the seeds of divorce."

COURT REVERSES DECISION.

Bismarck, N. D., March 2.—The United States court of appeals today reversed the decision of the United States district court in the case of Sam Clark and G. H. Crockett, editors of a monthly publication and sent the case back for retrial. The men were found guilty of sending obscene matter through the mails and were sentenced to two years in the penitentiary.

FAIL TO MAKE TAX RETURNS.

St. Louis, Mo., March 2.—More than 2,000 corporations in the St. Louis district, including all eastern Missouri, had failed to make their income tax returns when the internal revenue closed its office at midnight tonight.

Those whose tax rate was not mailed tonight will be punished, according to the revenue officials.

THIRTEEN SAILORS PERISH.

Cux Haven, Germany, March 2.—Thirteen members of the crew of the Norwegian bark Tasman perished today in the North Sea when the bark capsized. News of the disaster reached here tonight when a fishing steamer came into port bringing six men of the Tasman's crew, the only persons who survived the wreck.

HOPPE DEFEATS YAMADA.

Chicago, Ill., March 2.—Willie Hoppe tonight defeated Koji Yamada, 500 to 174 in the first match of the five man 182 billiard tournament. The match ran ten innings, Hoppe having a high run of 156 and Yamada's best inning was 91. Hoppe averaged 50 and his opponent 19.3-9.

PROGRESSIVES LOSE NINE CITIES.

Portland, Me., March 2.—Progressives were successful in Auburn, the only one of the ten Maine cities, holding elections today in which a straight Progressive ticket was opposed by straight Republican and Democratic tickets.

WILL REDUCE FARES.

Louisville, Ky., March 2.—The Louisville & Nashville railroad company has announced its intention to voluntarily reduce passenger fares in Kentucky from three to two and one-half cents per mile before May 1.

REV. HOWARD HARTMAN WEDS MISS MARTHA FANNING

Ceremony Said Last Night by Rev. F. A. McCarty at His Residence—Groom a Pastor of Methodist Church.

Rev. Howard Hartman, and Miss Martha G. Fanning, of Scottville, were married Monday evening by Rev. F. A. McCarty, at his residence on West College avenue. The marriage was witnessed by Andred C. Butler, and Miss Mary Hettick of Modesto. Mr. Butler was student of Illinois college two years ago and Miss Hettick graduated last year from Whipple Academy.

The groom is the son of Rev. Thomas F. Hartman, of Auburn, a retired minister of the Methodist church. He is pastor of the Greenfield circuit having as his charges, Rubicon, Asbury and Scottville. Rev. F. A. McCarty is superintendent of the district to which the groom belongs. He has been a teacher for a number of years and this is his first year in the ministry. The bride is the daughter of Mr. and Mrs. John Fanning and is an accomplished young woman. They will reside in Scottville.

CHICAGO MAN FINDS IGNITED FUSE AND DYNAMITE IN HOME

CHICAGO, March 2.—Hearing an explosion tonight and suspecting that his flat had been the scene of a bomb outrage, Simon J. Gorman, president of the Cook County Horse Shoers association hurried home and discovered a fuse sputtering in the hall. Gorman tore out the fuse which was barely two inches long and in the package were two sticks of dynamite.

Gorman found his wife and child cowering in the bedroom. The porch in the rear of the flat was demolished by the explosion which brought Gorman home and windows in the building were broken.

DUCTING HIS OWN DEFENSE CROSS EXAMINES SELF

CHICAGO, March 2.—Nathan Spira, charged with conspiracy to commit arson who has conducted his own defense, placed himself on the witness stand today and cross-examined himself. Counsel for the state refused to examine Spira but had objected to his telling his story without being questioned, which would have made it impossible for the prosecutor to object to statements before they were in the record. Spira, an insurance adjuster, and David Drozdowicz are accused of conspiring with Ben Pink, confessed fire bug to burn Drozdowicz' store.

LEAVES ESTATE TO DAUGHTER.

Colorado Springs, Colo., March 2.—Alanson S. Hall, millionaire former American consul to the Argentine republic who died in this city a week ago, left his entire estate, estimated at \$10,000,000 to his daughter, Mrs. Caroline Hall Sturgis of this city.

PRACTICAL HEALTH HINT.

Prevention of Obesity.

No one should permit himself to become the subject of obesity in advancing years, and almost invariably it is his own fault if he does. The prevention may be insured by largely reducing the use of fatty foods, as fat of meat, bacon, ham, etc.; by renouncing all pastry which contains that element largely; also cream, and much milk, as well as all starchy matter, which abounds in the potato and other farinaceous products of the vegetable kingdom; and especially in those combinations so popular and so universally met with at the family table, as rice, sago, tapioca and corn flour puddings, made with milk and eggs, of which the yolks contain much fat, the whole being sweetened with sugar—a combination of "carbohydrates" of the most fattening kind. Admirable for childhood and middle life and afterward, during the years of maximum activity, they must be completely renounced if corpulence appears in later life. In this condition also large quantities of liquids are undesirable at meals; indeed, no liquid should be taken during the meal, and only in moderate quantity soon after it, and then pure water is the best.

IN SPOTLESS TOWN.

If one may judge from the monthly report of Chief of Police Davis, read at the meeting of the city council Monday, Jacksonville is fitted to rank with the spotless city made famous by the advertising of a certain kind of scouring soap. For a city of more than fifteen thousand people to have only twelve persons arrested during a period of twenty eight days is a strong comment upon the peace and good order which prevail locally. It cannot be said either that there should have been more people arrested for the police department with Chief Davis at the head keeps a clear eye on law violators. It is worthy of note too that of the arrests made, only three were for drunkenness, indicating that it is very, very dry in Jacksonville these days.

HIGHWAY OFFICIALS

Announcement has just been made of the luncheon to be given March 12th primarily for Morgan county road officials and more generally speaking for all persons who are interested in better roads. If the word "interested" meant affected, the luncheon would have to be held in the public square because every man, woman and child in the county would be present. Mr. A. D. Gash, who is chairman of the new Illinois Highway commission will be the speaker of the day and his address will be on the theme "Better Roads in Illinois."

As people come to a recognition that the main dependence of this locality is agriculture and that as agricultural conditions improve the people of the county are more prosperous, so they will come to see how closely related is the question of good roads to the highest prosperity. Aside from their inconvenience and annoyance bad roads are expensive. They add vastly to the amount of the cost of marketing farm products and every dollar of money that is wasted in this way comes out of the pockets of the people as a whole. Mr. Gash should have a large hearing and it is hoped that some of the good seed he may sow will take deep root and speedily spring up and become productive of good results.

Delay

BY WALT MASON

"Delays," said Dad, "are dangerous, and apt to work much harm." 'Twas in the days when, grangerous, we lived upon the farm. So we were always hurrying to get things done. The plowing and the currying, the harvesting of prunes. We did our work kerwhoo p in gly, and gained the silver buck, while other farmers droopingly complained of evil luck. When storms came up a-thundering we did not care a darn; they never caught us blundering—our hay was in the barn; when rivers rose amazingly, o'erflowing banks and bed, we viewed the blamed things brazenly—our wood was in the shed. The elements might clamorously spread snow throughout the land, they could not catch our family without some coal on hand. The lessons learned thus youthfully have served me all my days, and I can tell you truthfully that "Up and Oo It" pays. Delays are surely ruinous; let's do things on the jump, or Fate will soon be shooin' us toward the blowsted dump.

COUNCIL OPENS BIDS FOR NEW ELECTRIC PUMP AND MOTOR

Spirited Competition for Supplying City's New Equipment—Monthly Reports of Officers are Received.

The usual Monday session of the City Council was held yesterday morning. There was little business transacted other than the reading of monthly reports of officers, and the opening of bids for the proposed new electric pump at the Widenham and Daub wells. There were eleven bids for the pump varying so greatly in amount that a careful study of the specifications will be necessary before determining which is the lowest. These bids in accordance with commission form of government law will lay over for 48 hours and it is probable that Commissioner Brennan to whom they were referred will not make a report until the next regular meeting.

In reply to a question from Commissioner Knollenburg, Mayor Davis stated that he and City Attorney Thompson will go to Springfield this week to meet members of the Utility Commission and make a special effort to secure a date for a hearing with reference to light rates in Jacksonville. Application has already been made for a date but Mayor Davis believes that matters will be hastened a good deal by bringing the question personally to the attention of the board.

The bids for the pump and motor were as follows:
Worthington Pump Co. \$2249
Fairbanks, Morse & Co. 1120
Aldridge Pump Co. 2443
Reeves & Skinner Machine Co. 1075
Platt Iron Works 1798
Jacksonville Railway & Light Works 1500
Goulds Mfg. Co. 2550
Bids were also received from the Western Electric Co., \$2530; Kenyon & Hubbell, \$1092; H. Channon Co., \$1665; Allis-Chalmers Co., \$2239; but will not be given consideration because certified checks were not enclosed.

Reports of Officers.
Reports from the officers were as follows:

ANNOUNCEMENT.
I hereby announce my candidacy for the Democratic nomination for Circuit Judge at the primary election to be held March 24, 1914.
Francis E. Baldwin.

GRAND OPERA HOUSE WEDNESDAY, MARCH 4.

Mr. Dillingham in forming the presenting company for "Romance" was most fortunate in selecting an excellent cast by reason of "The Great Adventure" and Belasco's "A Temperamental Journey" terminating their season.
Of the Belasco company he secured Miss Gertrude Morissini, who is admirably suited for the part of Mme. Cavallini the opera singer. Miss Morissini, though of American parentage, was born and educated in Italy.
Mr. Edgar Kent plays the part of the Rector, and is considered one of the cleverest actors on the stage. He came to this country from England with Mrs. Patrick Campbell to succeed that able actor, George Arliss. Later he played the leading part in "Pomander Walk" both in New York and in London. Last season he supported Mme. Simone, and this season he was with "The Great Adventure" up to the time of its closing.
Another excellent actor in the part of Van Tuyle is Richard Lumley, brought especially to this country by Winthrop Ames. Others in the cast include Miss Rillie Deaves, who at one time was the leading woman for James O'Neill, Richard Mansfield, and whose beauty and grace attracted her to the musical comedy field, will play the aristocratic aunt. Harry Hanlon is entrusted with the comedy part and was last season with "The Quaker Girl."
Another excellent character actress in this company is Mme. Fekla Boras, who will play the Italian maid. Mme. Boras has been associated with Mrs. Flske, Mme. Kalish, Daniel Frohman, David Belasco and others.

Fourteenth Successful Year in Jacksonville. Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

IS THIS THE WAY YOU FEEL?

Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands and feet? Have you a dull, dragging pain or ache of the body, back or limbs? Have you Rheumatism? Have you Fistula? Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pains in back or loins? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT.

Come early as parlors are always crowded.

A friendly call may save you future suffering. It has made life new to thousands who had been pronounced beyond hope.

D. D. D. In Hospitals;
Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing fluid washed in by the nurse's hands? That fluid is the famous D. D. D. prescription for eczema.

THE SUPERVISING NURSE of one of our prominent Catholic Institutions (name of nurse and institution on application), writes regarding a patient: "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

DR. GEO. T. RICHARDSON frankly writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent."

To do the work D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge.

LEE P. ALLCOTT, Druggist.

FEDERAL LEAGUE PRESIDENT
CELEBRATES HIS BIRTHDAY

James A. Gilmore Is Thirty-Eight Years of Age—Is One of Most Discussed Men in Baseball.

Chicago, March 2.—James A. Gilmore, whose activities as president of the new Federal baseball league has caused the old league magnates to sit up and take notice, celebrated his 38th birthday anniversary today. Within the past few months Mr. Gilmore has become one of the most discussed men in the baseball world. Before that time he was unknown outside of his own circles of business associates and acquaintances.

Portsmouth, Ohio, has the distinction of being the birthplace of the Federal league president. When he was an infant, however, his family removed to St. Louis and then to Chicago. This was in 1882, when the future baseball magnate was 6 years old. He received his education in the Chicago public schools and on completing his course in the grammar school went to work as a messenger boy for \$3 a week. Later he secured a job with a coal company and held it until the beginning of the war with Spain, when he enlisted and went with his regiment to Santiago. Later he went to the Philippines and it was nearly two years before he returned to Chicago.

After the completion of his military service Mr. Gilmore returned to Chicago and to his job as a coal salesman. A decade ago found him still plugging along at a modest salary. Then the qualities that have made him known as the fighting president of the Federal league began to assert themselves. He quit the coal business and engaged in manufacturing on borrowed capital. He was successful from the start and within a few years he accumulated a comfortable fortune. When the Federal league club in Chicago was close to the rocks last fall Gilmore and a few friends advanced \$12,000 to keep the club from going under. This gave Gilmore his first insight into baseball management. Though he lost money, he liked the experience and when the league presidency was offered him last fall he readily accepted and with characteristic enthusiasm started out to make the new venture a success.

ARKANSAS MURDER CASE.
Benton, Ark., March 2.—The case of Clarence Dewein and a man known only as "Joe" or "Shorty," both of whom are said to have confessed to the murder of L. H. Thompson, who was slain here last November, is to be taken up by the grand jury which convened here today. The murder was one of the foulest crimes ever committed here. The victim, who was an aged commission merchant, was murdered for a small sum of money he had in his possession. One of the robbers held the aged man while the other beat in his skull with a coupling pin. Dewein was arrested shortly after the crime and is alleged to have confessed. His alleged accomplice remained at large until a few weeks ago, when he was found in Jonesboro, La., Dewein, who is not yet 21 years old, belongs to a respectable and well to do family in Belleville Ill. His relatives have retained Charles P. Johnson, former lieutenant governor of Missouri, to defend him.

THE GOELET DIVORCE SUIT.
Newport, R. I., March 2.—The petition filed several months ago by Mrs. Elsie Goelet, formerly Miss Elsie Whelen of Philadelphia, for a divorce from her husband, Robert Goelet, will be called for assignment tomorrow in the superior court of Rhode Island. At that time it will be learned whether the details of the domestic troubles of the young millionaire and his beautiful wife are to be made public through a contested trial of the case. The belief prevails here that Mr. Goelet will not contest his wife's petition and that Mrs. Goelet will be granted her divorce without any public airing of the evidence in the case. It is rumored that Mrs. Goelet will receive a liberal allowance for her support and for the care and education of their two sons, Ogden and Peter Goelet.

CADILLAC TRIES MANAGERIAL PLAN.
Cadillac, Mich., March 2.—The new managerial firm of municipal government was put into effect today in Cadillac, which is the first of its size in the country to entrust the direction of its business affairs to a city manager hired for that purpose. The manager is responsible only to the mayor and four commissioners. The latter serve without pay and are subject to the recall. The manager is given a wide latitude in the management of the city's affairs, being empowered to hire or discharge all of the municipal officers and employees, with the exception of the city clerk, treasurer and assessor, who are appointed by the commissioners.

INDEPENDENCE DAY OF TEXAS.
Austin, Texas, March 2.—Seventy-two years ago today the patriots of Texas who had assembled in conference at Washington, on the Brazos, declared their independence of Mexico and proceeded to organize a provisional government for the new republic. In accordance with custom the cities and towns throughout Texas today observed the independence day anniversary as a legal holiday, the courts, the banks and public offices remaining closed and business in many of the cities being partially suspended.

OBITUARY.

The remains of Mrs. Julia Alves Baptist arrived from Palmyra Sunday afternoon at 5:11 over the Washburn and interment was made in Diamond Grove cemetery by the side of the body of her husband. The bearers were Joseph J. DeFrates, William, Alvies, John Alvies, Fred Cooper, Benjamin and A. J. Alvies.

We pause and bow our heads in the presence of the messenger who has called from our midst one of our noble women who with her family occupied one of the beautiful country homes of Palmyra vicinity. Mrs. Julia Alves Baptist was born near Jacksonville, Ill., on March 15, 1857. She was the oldest daughter of Emanuel and Mary Alvies, now an aged couple still living near Jacksonville.

The deceased was married to Samuel Baptist, July 28, 1876, and became the proud mother of his eight happy children.

The father and husband was called by death, Oct. 24, 1907. Two children, Clinty and Della died in infancy. Thus leaving this side of the river six children, namely: Ida, wife of J. O. Standerfer of Palmyra; Eva, wife of A. Pratt; Cora, wife of O. Galloway of Hettick and Etta, Elsie and Everett at home. There with the aged grandfather and grandmother and the brothers, Wm., John, Benjamin and sisters, Mary and Lizzie Alvies, wife of A. J. Alvies, all of Jacksonville, will feel the great loss of a kind and faithful mother, sister and daughter.

Mrs. Baptist was converted at Little York Methodist church and joined that church soon after her marriage. She afterward moved her membership to the Zion church near Jacksonville, Ill., and some four years ago moved it to the M. E. church at Palmyra and from this church militant she goes to join the church triumphant which is without spot before the throne of God.

With the exception of four years spent in Nebraska she lived her entire life near the cities of Jacksonville and Palmyra, passing to her long rest from her home three miles west of Palmyra, Ill., Feb. 26, 1914, at the age of 56 years, 11 months and 11 days.

The deceased had suffered for several years with an asthma, but her fatal illness was of only a few hours' duration.

We shall miss her, but we shall mourn not as them who have no hope.

The funeral services were conducted by the Rev. Clinton L. Bell at the Methodist church Sunday morning at 9:30, March 1. The music was furnished by the Methodist Quartet.

MILLIONAIRE WILL BACK PITTSBURGH CLUB

PRESIDENT GILMORE WITH HOLDS NAME OF MAN.

Followers of Game, Believe Henry C. Frick is Backer—Christy Mathewson Signs With New York Giants.

Chicago, March 2.—President Gilmore of the Federal League announced tonight that a Pittsburgh millionaire had decided to become backer for a club in his town. Stories that Henry C. Frick of Pittsburgh had seriously contemplated taking an active part in the national game have been current for some time and though Gilmore would not say Mr. Frick was the man, followers of the game here believe he is the one.

The announcement followed a conversation over the long distance telephone between Gilmore and W. A. Rorer of Pittsburgh, in which the latter is said to have promised that the deal would be closed on Thursday at New York. The telephonic conversation led President Gilmore to declare any attempt by organized ball to sign players already signed by the Federalists would be the beginning of a war that would threaten the foundations of the organized faction. This statement was made in answer to questions concerning the reported defection of Pitcher Blanding, who, it was said, finally had agreed to join the Federal team despite his contract with the Giants.

It developed this afternoon that Tom Seaton, the pitcher last year with Philadelphia would join the Chicago Federalists. It was understood Brooklyn was to get Seaton but the allotment on Saturday gave him to Tinker's club.

Ground will be broken for the local Federal league park Wednesday, Pres. Weeghman said today. Mayor Harrison has agreed to turn the first spadeful of dirt if his health permits. The contractors who bid for the privilege of building the stand all agreed to have it finished by April 21st.

The Kansas City team of the Federal league has practically engaged Leverage of the St. Louis Americans it was learned. Leverage is with the world's tourists. He is considered among the topnotchers of the American league left handers.

Mathewson Signs With Giants. Marlin, Texas, March 2.—Christy Mathewson today signed with the New York National League executing his contract with President Hempstead of the New York club.

Mathewson said he had received the Federal league offer of \$65,000 for three years, \$15,000 of this sum to be paid in advance. When asked whether there was still a possibility for him to consider a Federal league offer, Mathewson replied:

"No, none. I have signed with the Giants. Furthermore the announcement of the Federal league that they will not try to get players who already have signed closes the matter."

Mathewson said he did not feel at liberty to make public the terms of Mathewson's today signed, with the New York Nationals.

PEOPLE EVERYWHERE WANT FOLEY KIDNEY PILLS

What the majority of the people want is sure to be the best of its kind. That is why a majority of the people want Foley Kidney Pills for all kidney and bladder ailments, rheumatic troubles and urinary irregularities. They know that once Foley Kidney Pills are taken, good results follow. Foley Kidney Pills are healing, tonic and strengthening. Their effect on weak, inactive, sluggish kidneys is prompt and positive. They are made with one supreme end in view; to give to sufferers from all disorders of the kidneys and bladder, no matter how affected, relief from their misery and strength from their weakness, by driving out the cause of the trouble in the quickest and surest way. Kidney trouble not only means the familiar symptoms of backache, pains in back and hips, weak back and soreness over the kidneys, rheumatic pains and swellings. But it means also a dull headache, sleeplessness, loss of appetite and energy, dizziness and impaired eye sight, and a nervous run-down and tired-out state of being that drives away ambition and energy. Men and women are alike subject to kidney and bladder ailments, and annoying urinary troubles that are a torment by day and a sleep-disturber by night. Foley Kidney Pills regulate quickly and give the kidneys just the help nature needs to restore their healthy action. We do not claim that Foley Kidney Pills pay the largest percentage of profit to the middlemen, but we do claim they give relief, comfort and sound health to the greatest number of those who use them, and in the shortest possible time. You can get them in 50c and \$1.00 sizes. The \$1.00 size contains 1-2 times as many as the 50c size.

N. B. In taking any course of medicine, and particularly for kidney troubles, it is advisable to use a good cleansing cathartic. We advise Foley Cathartic Tablets. They are fine in effect and work in harmony with Foley Kidney Pills.

FUNERAL OF DR. SANFORD

Mrs. Sanford arrived Sunday afternoon from Florida with the remains of Dr. Sanford, having stood the arduous trip as well as could be expected. All the way she received the kindest attention from fellow passengers and was met at St. Louis by her son, Prof. F. W. Sanford and arrived here Sunday at 5:30 p. m. She is at present with Mrs. J. I. Barrows, one door east of her residence.

The funeral will be conducted at Westminster church Wednesday at 2 p. m., in charge of Matt Starr Post, G. A. R., and Rev. L. H. Davis, pastor of the church.

RUB RHEUMATIC PAIN FROM STIFF ACHING JOINTS

Rub Soreness from Joints and Muscles With a Small Trial Bottle of Old St. Jacobs.

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" conquers pain. It is a harmless local rheumatism cure which never disappoints and doesn't burn or discolor the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; sciatica, lumbago, backache, neuralgia and reduces swelling. Limber up. Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness.—Adv.

RHEUMA IS FREE FROM NARCOTICS

Relieves Rheumatism by Cleansing the Whole System of all Impurities.

Do not try to relieve Rheumatism by dosing the system with dangerous drugs. RHEUMA is free from all opiates and narcotics and cleanses the system in a natural but scientific manner. The dangerous "waste" is eradicated from the kidneys, bowels, liver and skin. RHEUMA costs only 50 cents at drugists everywhere.

BAD BREATH

Dr. Edwards' Olive Tablets Get at The Cause and Remove It.

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system.

They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or disagreeable effects of any kind.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil, you will know them by their olive color.

Take one or two every night for a week and note the effect. 10c and 25c per box. The Olive Tablet Company, Columbus, O.

IF CHILD IS CROSS, FEVERISH AND SICK

Look Mother! If Tongue is Coated, Cleanse Little Bowels With "California Syrup of Figs."

Children love this "Fruit Laxative" and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, does not eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, mother; See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

To the Housewife

Madam, if your household is like most men he expects you to look after the health of yourself and children. Coughs and colds are the most common of the minor ailments are almost likely to lead to serious diseases. A child is much more likely to contract diphtheria or scarlet fever when it has a cold. It will inquire into the merits of the various remedies that are recommended for coughs and colds, you will find that Chamberlain's Cough Remedy stands high in the estimation of the people who use it. It is prompt and effective, pleasant and safe to take, which are qualities especially to be desired when a medicine is intended for children. For sale by all dealers.—Adv.

ROAD OFFICIALS ARRANGING FOR LUNCHEON AND ADDRESS

Chairman of the State Highway Commission Will Discuss Better Roads For Illinois—Large Attendance of Those Interested is Hoped For.

Announcement has just been made and invitations sent out for a luncheon to be held Thursday, March 12, under the auspices of the Morgan County Road Commissioners and Clerk's association at the Young Men's Christian Association building in this city. Hon. A. D. Gash, chairman of the Illinois State Highway commission will be present and will make an address on the theme, "Better Roads for Illinois." The luncheon consists of Thos. Irlam, John Snyder, C. M. Strawn and A. L. French.

Invitations were sent only to commissioners and to those holding official positions having some relationship to the question of road improvement. However each commissioner has the authority to invite five friends and it is the intention also to place tickets on sale at the various banks. The ladies of the Christian church will serve the luncheon and the menu agreed upon is an excellent one and plates will be 75c. Although as stated invitations have been sent out to those holding official positions it is nevertheless the desire to have the company as large as the facilities at the Y. M. C. A. will permit and those who have not been invited otherwise are urged to secure tickets and to notify members of the committee through the banks of their intention to attend.

The organization of clerks and commissioners is for the sole purpose of making an effort to bring about the co-operation of all officials in securing good roads and the luncheon which has been arranged for is not only for the purpose of hearing suggestions that Mr. Gash will make but also for increasing the friendly relationship already existing among road officials.

WILL BE HERE THURSDAY

Hugh Clark of Chicago, general secretary of the Illinois Sunday School Association and Frank E. Meyers of Chicago, business manager of the International Sunday School Association, will be in the city Thursday afternoon and evening to talk over plans for the state and county work.

Word has been received in the city that the remains of Miss Lizzie Hunt, who died at Lincoln, will be brought to this city this afternoon at 1:20 o'clock via the Wabash. Interment will be made in Diamond Grove cemetery.

FIVE MINUTE CURE IF STOMACH IS BAD

When "Pape's Diapiesin" Reaches Stomach, All Indigestion, Gas and Sourness Disappears.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapiesin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapiesin comes in contact with the stomach, all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Adv.

COMPLAINS OF UNFAIR FREIGHT RATES

Editor Journal:

I notice under notes from the "Chamber of Commerce" in your issue of March 1st, a report of the number of car loads of freight inbound and out bound from Jacksonville. Along this line I should like to call your attention to the discrimination practiced by the railroads against a few industries in Jacksonville.

Under the Illinois classification cement building blocks take brick rates. In Jacksonville there are three cement block plants and one brick plant shipping their product or part of their product out of town. The following is a comparison of a few of the rates these plants have to contend with.

C. & A. Railway, Petersburg to Jacksonville and intermediate points 40c per ton in car lots.
Jacksonville to Petersburg 84c per ton.

C. & A. Railway, Alton to Jacksonville, 60c per ton.
Jacksonville to Alton \$1.00 per ton.

Alton to Murrayville 60c per ton.
Jacksonville to Murrayville 76c per ton.

C. P. & St. L., Petersburg to Litterberry, for instance, via Havana, 40c per ton.

C. P. & St. L., to Litterberry from Jacksonville, 50c or 10c per ton more than the short haul from Jacksonville than the long haul from Petersburg.

Wabash Railway, Springfield to Jacksonville 50c per ton.

Jacksonville to Springfield 88c per ton.

A block factory in Springfield can ship to Arnold for 50c per ton while if we in Jacksonville want to ship a car of blocks to Arnold we must pay 58c per ton.

The writer went to Springfield a year or so ago to take this matter up with the Wabash officials, and their reply was, "We will get this business any way and if you go before the Railway and Warehouse committee for any equal rate with Springfield we will cancel the Springfield rate."

One individual or firm is unable to do very much in the way of reduced rates, while if taken up by an association of all concerned we in Jacksonville would be able to get as good a freight rate on our product as any other place in Illinois.

Jacksonville during the last two or three years has shipped out more cement building blocks in car load lots than any other place in Central Illinois. This could be more than doubled if our rates were equal with other places. Then besides every car load of blocks shipped out of Jacksonville means a car load of raw material shipped into Jacksonville. Yours very truly, W. H. Cocking.

The local merchants have provided an elaborate program for the entertainment of the visitors.

For the Stomach and Liver

I. N. Stuart, West Webster, N. Y., writes: "I have used Chamberlain's Tablets for disorders of the stomach and liver off and on for the past five years, and it affords me pleasure to state that I have found them to be just as represented. They are mild in their action and the results have been satisfactory. I value them highly." For sale by all dealers.—Adv.

ECHOES FROM ALEXANDER

Alexander Happenings Always Interest Our Readers.

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?" The generous statement of this Alexander resident leaves no room for doubt on this point.

John William Aulabaugh, farmer, Alexander, Ill., says: "About two years ago I took several boxes of Doan's Kidney Pills and will say that they did me more good than all the doctors I had tried. I have been bothered very little with my back since I used Doan's Kidney Pills."

The above is not an isolated case. Mr. Aulabaugh is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Aulabaugh had. 50c all stores. Pimples Source of Great Danger

May be Means of Absorbing Disease Germs in Most Unexpected Manner.

Make Your Blood Pure and Immune With S. S. S.

In thousands of instances the most virulent types of blood troubles have been the result of coming in contact with disease germs in public places, and the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity, often infecting the entire system in a few days.

It is fortunate, however, that there is a remedy to cope quickly and thoroughly with such a condition, and thanks to the purity of its producers the famous S. S. S. may now be had at most any drug store in the civilized world. This preparation stands alone as a blood purifier. It is somewhat revolutionary in its composition, since it accomplishes all that was ever claimed for mercury, iodides, arsenic, and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. It contains one ingredient which serves the active purpose of stimulating each tiny cellular part of the tissues to the healthy and judicious selection of its own essential nutriment. There are more cases of articular rheumatism, locomotor ataxia, paresis, neuritis, and similar diseases resultant from the use of minerals than most people are aware of. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 217 Swift Bldg., Atlanta, Ga. It is mailed free, together with special information, to all who write describing their symptoms. Get a bottle of S. S. S. to-day, but be careful not to have something "passed off" on you falsely claimed to be "just as good."

NOTES FROM THE LABOR WORLD.

Missouri's new state capitol is to be built by union labor.

Sydney, Australia, is to have a daily newspaper supported by the labor unions.

Minneapolis Typographical union No. 42 has passed its 41st birthday. The Boston and Maine Trackmen's union is asking for a wage increase of 15 per cent.

The International offices of the United Shoe Workers' union have been moved from Lynn to Boston.

Although Belgium has reduced the working day of its coal miners to nine hours, the enforcement of the law has apparently not affected the production.

The labor unions of Germany report an increase in membership of more than 150,000 within the last year, the grand total now being in excess of 2,500,000.

Baltimore Cigarmakers' union is agitating in favor of a law to compel all owners of cigar factories in the state of Maryland to maintain sanitary workshops.

President Gompers of the American Federation of Labor has issued another appeal to organized labor throughout the country for funds to aid the copper strikers in Michigan.

Rigid enforcement of all state laws regulating moving picture performances, especially the five minutes between films law, is insisted upon by the Boston Moving Picture Operators' union.

The Nebraska supreme court has decided that the clause in the charter of South Omaha providing that only union labor could be employed on public works, was void because unconstitutional.

Newspaper advertising of the union label has proved so satisfactory to the Boston Cigarmakers' union after a twelve months' experiment that it has been decided to spend \$15,000 in advertising this year.

At a recent hearing before the Massachusetts legislature on a proposed law granting suffrage to women, representatives of practically all of the Boston labor unions spoke in favor of the measure.

The general membership of the United Brotherhood of Carpenters and Joiners of America has decided by a referendum vote to retain the extra 25 cent per capita tax which is levied on the members every three months.

The organization of a college professors' union for the protection of members in their expression of opinion on public questions may follow action taken recently at a meeting of the American Political Science association.

James M. Lynch, the new commissioner of labor of New York state, has instructed factory inspectors that when they find doors locked in violation of the law they are not to wait for orders, but to proceed at once to prosecute the offenders.

Club life for the workman is to be developed on a large scale in London. A central labor palace is to be erected at a cost of over \$250,000, which in addition to providing meeting halls for trades unions and other features of an up to date clubhouse, is to include a large moving picture theatre for the display of labor scenes.

JUDGE CLIFFORD P. SMITH

TALKS OF CHRISTIAN SCIENCE

Gave Address Before Large Audience Sunday Afternoon in the Odd Fellows Hall.

Judge Clifford P. Smith, C. S. B., a member of the board of Lecturers of the Mother church, the First Church of Christ, Scientist, Boston, Mass., was heard in an address Sunday afternoon in the Odd Fellows hall on East State street by a large audience. His subject was "Christian Science, its truth and value." The speaker was introduced by W. F. Widmayer. Judge Smith gave a most comprehensive account of Christian Science from its inception until the present day. He said "Christian Science has now been taught and practiced long enough for its effects to be observed in a very large number of cases. In this manner a great quantity of evidence has accumulated to prove that its effects are exceedingly wholesome. In speaking of Mrs. Eddy he said 'So far as Mrs. Eddy is concerned her fitness for a great spiritual service to mankind is now proved by what has been accomplished. Christian Science has now become a wonderful religion; and its wonderful redemptive value—is a fact of authentic history—a fact that cannot be reversed nor turned back."

Schaffer.

Mrs. Henry Schaffer, one of the oldest residents of Jacksonville died Monday morning at 9 o'clock, after a brief illness of pneumonia, at the age of 81 years.

She was born in Germany but had been a resident of this country for over a half a century. Her husband died 18 months ago. She was a member of the Presbyterian church and a woman loved for her beautiful life and character.

She was the mother of ten children. Fred died two years ago. Those surviving are, Mrs. Henry Erdigman, Lola, Mary, Charles of Avenville, William of East St. Louis, Henry, George and J. W. Schaffer of Beardstown and Mrs. Margaret Freer of Jacksonville.

The funeral services will be conducted at 2 o'clock Wednesday from the family residence in charge of Rev. J. O. Hough of Jacksonville. Interment will be made in the Avenville cemetery.

Bevans.

A San Diego, California, newspaper contains a notice of the death of Thomas P. Bevans, a brother of Mrs. Hawes Yates and Miss Martha Bevans of this city. Mr. Bevans was a native of Illinois and at the time of his recent death was nearly seventy one years of age. The remains were taken to Los Angeles for cremation. In addition to the sisters already mentioned Mr. Bevans leaves another sister, Mrs. M. L. Goff of Bellingham, Washington, and one brother, J. D. Bevans of Paw Paw, Michigan.

Whitlock.

Mrs. Martha J. Whitlock of Franklin, passed away at Baton Rouge, Sunday. The remains arrived in Jacksonville yesterday and were taken to the undertaking parlors of Williamson & Cody. The funeral will be held today at 2 o'clock from the family residence in Franklin, conducted by Rev. Peter Kittel. Interment in Franklin cemetery.

She was the wife of John W. Whitlock and was 58 years of age. She had been ill for a long time.

MATRIMONIAL

Rollington-Nunes.

The marriage of J. C. Rollington and Miss Myrtle Nunes took place Monday noon, ev. W. E. Spoons, pastor of Northminster church officiating. The witnesses were Miss Mayme Fortado and Miss Eula Nunes. The bride wore a blue suit and carried a beautiful bouquet of sweet peas. She is the eldest daughter of Manuel Nunes of 611 Myrtle street. The groom is from Baltimore, Maryland, but for a number of months resided in this city on East State street, while engaged in the insurance business. He is now employed in the circulation department of the "Whig," at Quincy, Ill. After the marriage yesterday Mr. and Mrs. Rollington departed for Quincy. Later they expected to return to his old home in Baltimore, where the groom will be associated with his father in business.

Lewis-Campbell.

Crosby Lewis of Orleans and Miss Ruth Campbell of this city, were married Monday afternoon at 1 o'clock by Squire W. T. Dyer at his office on West State street. The bridegroom is a farmer.

ATTEND GREENE COUNTY COURT.
C. A. Boruff, county clerk and T. F. Smith, assistant state's attorney, were in Carrollton yesterday attending the hearing in the Greene county circuit court on the suit brought on a writ of certiorari three years ago by the trustees of School district No. 49, Morgan county against the directors of District No. 19 Greene County. The suit arose some time ago when 122 acres of land in Greene county was taken away from the territory of District No. 49 and placed in the territory of District No. 19 in Greene county. The case has been continued from session to session of the court because Judge O. P. Thompson was disqualified from the handling of it by an expression of opinion. The case was called Monday before Judge Robert Shirley, with T. F. Smith appearing as the attorney of the trustees of District No. 49 and C. A. Boruff as an important witness.

MISS CHRISTINE MILLER GIVES BRILLIANT RECITAL

Artist Appears at the Woman's College and Delights Large Audience by Her Music.

Miss Christine Miller, contralto, appeared in a recital in Music Hall of the Woman's College, last night as a number on the Artists' course given by the institution. She had as an accompanist, Mr. Ralph Mason Hix.

Miss Miller has a magnificent voice, a profound knowledge of the art of singing, a style peculiarly her own, and these qualifications together with splendid interpreting powers, made her artistic singing enjoyable in the extreme. The large and critical audience manifested by its numerous recalls and its insistent demands for extras, its admiration of the excellent singer. Miss Miller was given unusual support by the accomplished accompanist, Mr. Hix. Miss Miller sang in Pittsburgh before coming here and fills an engagement in Detroit tonight.

PLAN FOR CONVENTION
OF ILLINOIS RETAILERS.

The program and plans for the Illinois Retail Merchants' Association convention, to be held in Jacksonville, June 15-18, was the subject of discussion at the meeting Monday morning of the retail merchants' committee of the Chamber of Commerce in the rooms on East State street. The convention will be in charge of the executive committee of the Chamber of Commerce, consisting of T. M. Tomlinson, chairman; C. L. Mathis, G. B. Andre, John W. Merrigan, M. R. Fitch and C. C. Pabels.

When the delegates come here in June they will be given booklets illustrative of Jacksonville with her industries and schools and bearing a short description of each manufacturing establishment. A definite decision to issue this booklet was reached Monday morning at a meeting of the publicity committee of the Chamber of Commerce and an effort will be made to make the booklet a first class advertiser of the city of Jacksonville.

A spring opening to be held probably the latter part of this month was another subject brought up at the Monday morning meeting of the retail merchants' committee, and opinion was practically unanimous for a big two day event in the spring similar to the opening held by the merchants in the fall. It is the hope of the committee that each man take part and make this an opening better than anything of its kind ever held in Jacksonville.

TWO BASKETBALL GAMES THIS WEEK.
Spaulding Institute Plays J. H. S. and Havana Meets Routt High.

Following in the wake of three days of basketball, two more games will be staged this week. On Saturday night J. H. S. plays a return game with Spaulding Institute of Georgia. About two weeks ago the Jacksonville five went to Peoria and were badly defeated. The local lads, although they know that the Peoria quintet is strong, expect to hang it onto the visitors.

On Friday night Routt High will meet Havana in Liberty Hall. In the first game played between the two schools, Havana was victor by a score of 45 to 9. Walsh, the star man of the Routt team has been ill, but will probably be in the game Friday. The other men of the team are Clancy and Froelich, forwards; Groves, center; Maloney and Becker, guards.

Place of State Tournament.
Vice-president J. H. Newton of Decatur, is undecided where the state tourney will be held. He rather favored the city who had won a district tournament, but in some of these cases the floor is not adequate. The finals will be held March 13 and 14. The teams to enter are the following: University High, Peoria Manual, Evanston Academy, Granite City, Galesburg, Freeport, Centralia and Hillsboro.

SOCIAL EVENTS.

In honor of her fifth-fourth birthday anniversary, Mrs. Margaret Colwell of Alexander was tendered a most pleasant surprise Monday afternoon by a number of her neighbors and friends. The time was spent in a social way from 2 until 5 o'clock and the refreshments the guests brought with them were enjoyed at a convenient time. Among the nineteen present were Mrs. E. J. Cook of this city and Mrs. Peel of Springfield.

Miss May Martin entertained a number of friends at a 6 o'clock dinner Saturday evening at her home east of Littenberry. The games were well selected and the music was excellent, serving to pass the hours in a manner most pleasant. Those present were Mr. and Mrs. Burley Jones, Mr. and Mrs. Ed Lister, Mr. and Mrs. Elmer Henderson, Mr. and Mrs. Earl Rexroat, Mr. and Mrs. Harry Martin, Mr. and Mrs. Ed Shibe, Miss Annabel Crum, Miss Myrtle Swain, Miss Evalless Petefish, Orville Crum and Orville and Aaron Petefish.

A reception was given at the home of Mr. and Mrs. C. L. Beerup of Franklin Monday night, in honor of their son, Audie Beerup, who was recently married. A most enjoyable time was spent and some dainty refreshments were served.

Local Play Committee Commends "Romance"

The Play Committee of the Jacksonville Center of the Drama League takes pleasure in calling attention to and in commending "Romance" which will be presented at the Grand, Wednesday evening. "Romance" comes from the pen of Edward Sheldon, one of the most gifted of the new school of American playwrights. In commending the play, the committee quotes from the official bulletin issued by the Chicago Center of The Drama League of America in support of the play: "Romance is a play of poetic charm about which hangs the mistiness of older days. This sense is enhanced by the beauty of the stage setting and the presence of the hoop skirts of the sixties. The furnishings and the costumes are authentic and the play carries one back in remembrance to the adoring attitude of the American of 1860 toward the great ones of the stage. The whole creates a mood of romantic fancy well sustained and even keyed." The cast presenting "Romance" in Jacksonville is a remarkably strong one, including such well-known artists as Gertrude Morrisini, Edgar Kent, Rupert Lumley, and the play should have the hearty support of the Jacksonville public.
